

What Do You Think ? Let Us Know !

Survey

Your responses will be used to help prioritize our conservation efforts in 2012.

1) What are your biggest natural resources concerns for Belknap County? And Why?

(For example: water quality, milfoil, soil erosion, wildlife habitat, population, project funding, local food production, waste management – please tell us why !... More than one answer is encouraged.)

2) Which geographic area or specific location in Belknap County is of most concern to you?

3) What would you like to see done to address your natural resource concerns?

4) What outdoor activities do you enjoy in Belknap County?

Thank you for taking our survey and mailing it back to us ! Your responses are valuable in helping us address what is of most concern to you.
