

Overview of Training:

This basic workshop explores the many aspects of the world of soil. Geared towards septic installers and designers, planning boards, municipal professionals, conservation commissions, educators, and others. The goal is to cover the basics as well as introduce new and emerging material to the attendees.

Sponsored by:

- *Belknap County Conservation District*
- *Merrimack County Conservation District*
- *NH Association of Natural Resource Scientists*
- *NH Department of Environmental Services*
- *International Erosion Control Association-Northeast Chapter*
